

To All of our Loyal Guests,

Our first priority has always been our guests and our staff and it continues to be the case. We anticipate adhering to the governmental restrictions placed upon us, but do feel that we offer a greater value to our guests being open than closed.

So far, Gov. Doug Ducey announced actions in any counties with confirmed cases of the virus which prevents us from allowing dine-in guests. At all of our locations; Goldies Sports Cafe, Zipps Hayden, Zipps Camelback, Zipps Kierland, Zipps McClintock, Zipps Gilbert, Zipps Frank Lloyd Wright, Zipps Arcadia, Zipps Bethany Home, Zipps Ocotillo, Zipps Ahwatukee, Zipps Mill, Zipps Citadelle, and Zipps Shea, starting Saturday, March 21, our hours of operation will be **11am-9pm** until the restrictions are lifted.

We will be offering pick-up of our food (to-go orders), to-go beer growlers and bottles of wine while they last. We encourage you to call our stores directly, we will have staff to answer phones and take orders for guest pick up. If you have young kids in the car, we will be glad to provide you with curbside services. In addition, we are working with DoorDash, who we consider to be the best 3rd party delivery service available for delivery to your home. DoorDash delivery should be available for all locations this week, please look out for an update from us.

You may notice that we have taken many measures to ensure the health and safety of our guests and our staff. We have removed some tables, creating a more spacious situation, we have removed all condiments and table tents from the tables which are available upon request. Menus are available online or in paper form, straws are wrapped and our staff is working harder than ever to bring you an even safer experience. If you prefer to enjoy our food, beer or wine to go, again we recommend you call us directly at the store and come and pick the food up yourself. If you are more interested in delivery, we suggest you take advantage of DoorDash Delivery service online.

We wish you all a healthy transition as we navigate through these uncharted waters and as things change, we will do our best to keep you informed without bothering you. We value you and hope that we have provided you with enough options, so you can enjoy our Golden Wings through these otherwise tough times.

Sincerely,
T. Goldman

Owner and Operator
